Recom Managed Systems Seeks to Enhance Its Retail Investor Relations Efforts: Retains Aurelius Consulting Group

STUDIO CITY, Calif.--(BUSINESS WIRE)--April 14, 2004--Recom Managed Systems, Inc. (OTCBB: RECM - News), a leader in innovative design and development of medical devices utilizing proprietary signal processing technology, announced today that, in an effort to complement its institutional investor relations program, it has hired the Aurelius Consulting Group.

The Aurelius Consulting Group is a nationally recognized investor relations firm known for its ability to help undiscovered companies build a following among retail investors. The Aurelius network of companies was up on average 117% in 2003.

Marvin Fink, CEO and Chairman of RECM, said: "The Aurelius Consulting Group comes with outstanding references. Their track record in helping undiscovered publicly held companies create awareness among retail investors is exceptional. We feel their retail outreach program will integrate well with the public and investor relations program we have put in place over the last few months. We are very pleased to have them on board."

Recom Managed Systems, Inc. is an emerging life sciences company focused on the monitoring and detection of disease through continuous biomedical signal monitoring. Recom Managed Systems, Inc. uses its patented signal technology to design and develop FDA-approved medical devices that simplify and reduce the costs of diagnostic testing and patient monitoring in an ambulatory setting. With our patented signal technology platform, Recom brings clinical quality physiological signal monitoring to the ambulatory setting.

About The Aurelius Consulting Group

The Aurelius Consulting Group (ACG) focuses primarily on creating retail and institutional support for undervalued, undiscovered micro-cap companies. The Aurelius network consists of stock brokers, fund managers, investment bankers, analysts and institutions who actively seek opportunities in the micro- and small-cap sectors. In addition to traditional communication and marketing efforts that put publicly held companies face-to-face with Wall Street's micro-cap equity players, the Aurelius Consulting Group employs a variety of communication programs, including direct mail, advanced telemarketing, and e-mail and web-based advertising.

Statements in this release that are not strictly historical are "forward-looking" statements. Forward-looking statements involve known and unknown risks, which may cause Recom's actual results in the future to differ materially from expected results. Factors which could cause or contribute to such differences include, but are not limited to failure to complete the development and introduction of new products or services, failure to obtain federal or state regulatory approvals governing medical devices, monitoring and other related services or products, inability to obtain physician, patient or insurance acceptance of Recom's products or services, adverse equity market conditions and declines in the value of Recom's common stock, and the unavailability of financing to complete management's plans and objectives. These risks are qualified in their entirety by cautionary language and risk factors set forth and to be further described in Recom's filings with the Securities and Exchange Commission.
